## RETRACTION NOTE

The article entitled "A Study To Assess The Effectiveness Of Video Assisted Teaching Module on Knowledge Regarding Early Detection and Prevention of Prostate Cancer Among Men Residing At Selected Rural Area Of Bagalkot District" has been accepted for publication in the Indian Journal of Holistic Nursing considering the statements provided in the article as the personal opinion of the author which was found not to have any conflict or biasness towards anything. As the article was a perspective one, the information provided by the author was considered as an opinion to be expressed through publication.

The publisher took the decision to make the article online solely based on the reviewer's suggestion which considered the article, not but a personal opinion of the author. However, it is found that the author has some personal concerns and issues, therefore, being retracted from the journal.
